

DREAMTIME

Dreamtime is a social setting with a low back and wide arms. Perfect for chatting or sharing tea. Designed to replicate the club ambiance. Each seating cushion is independently suspended – acting like piano keys – so that the seat moulds to the sitter.

The upholstery is prestige A-grade leather, unrivalled in durability and tactility. Calm and comforting, the leather gets better with age. The back is stretched leather. Underpinned with a steel frame.

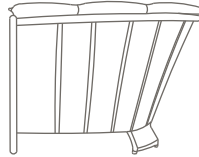

The setting contains an armchair, 3-seater sofa, and an ottoman that doubles as a coffee table (with removable carved wood tray). The generous armchair is designed to accommodate one person sitting, and a companion sitting on the armrest.

Shown in HQ Royal Black leather.
